

Silicone Hoses

AluSil International delivers **silicone** hoses for various applications, including water, fuel and other liquids, as well as air suction hoses. Our hoses are fitted to cars, buses, trucks, forest machinery, rock-drilling machinery and so on.

From our ISO 9001 certified manufacturing plant in Europe, we deliver products such as **radiator** and **heater hoses, coolant hoses, fuel and oil hoses, turbocharger hoses, engine hoses, reducers, elbows, T-shapes** etc.

Fluorsilicone-lined hose for handling fuel and oil is also available.

Hoses in other rubber materials could be delivered on request.
